## FIFTH WELL NOW ON DEEP PAY SAND

### TO OCCUPY HIGH SCHOOL BUILDING ON NOVEMBER 1ST

Building Is Complete Except for Some Minor Details Yet To Be Adjusted Between School Authorities, Architect and Contractor

The new high school building on West Yamparika Street is practically completed and plans are now being made to occupy it the first Monday in November. The School Board is holding a meeting for conference with the architect, Guy A. Carlander of Amarillo, and contractor, S. P. Hughes of Oklahoma City, for the purpose of deciding whether the building will be accepted at once. The only part of the work not finished is a few minor matters which have been delayed on account of failure of materials to arrive.

It is planned to move the sixth and seventh grades from all of the present ward buildings and concentrate them at the old high school building. This can be done without the necessity of employing additional teachers, it is said, and at the same time relieve the congested condition in some of the ward buildings.

The new building is a semi-fire-proof structure and meets the standards of the latest methods of school building architecture and arrangement. The halls and stairways are of fire-proof construction. The front elevation of the building is 200 feet along Yamparika street. The east and west elevations are 155 feet. The building itself is built in the shape of the letter "T," with the front of the building representing the top of the letter. The wing extending south from the main building covers a space 66 by 97 feet, and contains the auditorium with a seating capacity of 820, the manual training rooms, music rooms and dressing rooms off the stage.

On the first floor are the superintendent's office, book storage, Red Cross room, toilets and shower baths and four class rooms. On the second floor are to be found thirteen class rooms, including two large study halls, the chemistry and domestic art departments.

Including the auditorium, there are 34 rooms on the first and second floors. The heating plant is in a basement in the southeast corner of the main building.

Provision has been made in the arrangement of the building for the addition of other wings and the enlargement of the heating plant without discarding any of the present building or equipment.

Superintendent W. T. Lofland has outlined a plan for the addition of junior college instruction at the new building next year by converting the old high school into a junior high school to take care of the sixth, seventh and eighth grades. The new building will be adequate for the ninth, tenth and eleventh grades and two junior college classes, he says. These plans will be considered by the Board in the next few months and it is considered probable that a way will be found to add the junior college work.

Mrs. Audrey L. Lockett and Miss Filma Lockett, left yesterday for Dallas, for a visit with relatives and friends.

J. Ray, of Amarillo, formerly of Vernon, passed through here en route to Davidson on business Tuesday night.

Mrs. H. W. Norwood left Monday night for Pine Bluff, Ark., where he goes to be at the bedside of her daughter-in-law, Mrs. Billy K. Norwood, who is recovering from an operation for appendicitis.

Above is shown Solomon Ostrow, who walked into the Ahabath Shalom Synagogue in Los Angeles and shot to death Harry Donny. Ostrow then fled from the building, shooting two bystanders who sought to restrain him. He was later beaten into submission.

### NEW WELL STARTS ON ZIPPERLE LAND

#### HEINZERLING OIL CORPORATION ABANDONS OLD TEST TO START NEW ONE SOON

Heinzerling Oil Corporation is moving to its new location on their acreage on the Zipperle lease. The contract has been let and drilling will start as soon as the derrick is erected.

A vast amount of trouble has been experienced by the corporation. The derrick has been pulled down three times by collapsed casing with great risk to drillers. The Texas-Wyoming drilling company lost two strings of tools and \$600 worth of casing in the hole.

Expert drillers advised moving to new location sometime ago, owing to the enormous cost of drilling through the obstruction.

The location is being made about one mile northwest of the old well on the southwest quarter of the northwest quarter of section 30, block 14.

Mr. Heinzerling drilled a well on the Williams land after the Sigler well was brought in but got salt water. Still believing in the field he put this well down to its present depth on the Zipperle farm under great difficulties. He was aided by home people, who are the principal stockholders as outside capital refused to invest, having little faith in the field after the trouble experienced and the boom days of Sigler No. 1.

### Lions From Nearby Towns Have Big Banquet at Electra

Lions from Wichita Falls, Vernon, Burkburnett and Electra met Wednesday night at a big banquet at Electra, where the subject was taken up about purchasing a diving bell to be installed at Lake Kemp, to rescue people from drowning. A pulmotor has already been purchased by the clubs from these towns for use at the big lake.

Features for the evening consisted of stunts by members from the several clubs. Leon H. Brown of Vernon was the main speaker of the evening.

#### New Grocery at Parsley Hill.

W. F. Bildestein, who has been with Naylor Brothers Motor Company for several months, in the mechanical department, has resigned his position and gone into the grocery business near the Pace & Matthews gin in the Parsley Hill community.

#### Return From California.

Rev. and Mrs. S. E. Lloyd and grand daughter, Miss Bernice Lloyd, returned last night from a three months' visit with relatives in Colorado and California. Mrs. R. W. Ferrell, who accompanied them, returned home some time ago.

### SINCLAIR, TEXAS AND WAGGONER TO BUILD PIPE LINES

Sinclair Interests Close Contract and Start Work at Once on Four-Inch Line Texas Company Announces Six-Inch Common Carrier

Contracts were closed late Wednesday calling for the construction of a four-inch pipe line from Electra to the South Vernon oil field by the Sinclair Oil and Refining Company, the Texas Company announced late Tuesday that construction on a six-inch line from Electra to the field would be started at once and the four-inch line of the Waggoner Refining Company is already under construction.

This insures three lines to the field and the Humble Company is negotiating with some of the operators in the field for certain proportions of the runs from important lease and may run a fourth line to the field.

This week's announcements of the Texas and Sinclair were hailed with delight by operators. Marketing of oil has become a serious problem with the sudden rise in production caused by the South Vernon No. 1 Stephens coming in for more than 3,000 barrels a day early last week.

Crews are already at work on the Texas Company line and it is announced that the Sinclair will begin laying pipe this week. The completion of these lines will enable producers to get their oil handled. Storage had become a serious problem and it had been found impossible to keep up with production in the erection of tanks. A number of big tanks have been placed on the producing leases but they were wholly inadequate. With the completion of the three lines to the field development will take another big spurt it is believed.

It was announced early this week that the Sinclair people had closed contracts and would begin at once on their pipe line, but this announcement was premature. The negotiations were not closed until last night when contracts were signed for a sufficient amount of crude to justify the building of the line.

The Texas Company line will be a common carrier and is being built without any contracts for crude. The Waggoner Refining Company line is a private enterprise, the same as the Sinclair.

### J. T. SCOTT DIES TODAY IN WACO

#### FORMER RESIDENT SUCCEUMS TO ATTACK PTOMAINE POISON—FUNERAL HERE SUNDAY

J. T. Scott, 57, former resident of Vernon, died at an early hour this morning at his home in Waco, following a few days illness of ptomaine poison. The body will arrive tomorrow morning over the early morning Denver and funeral services will be conducted Sunday by Dr. E. L. Moore, pastor of the Presbyterian church, of which Mr. Scott was a member. The time and place for the funeral have not been arranged.

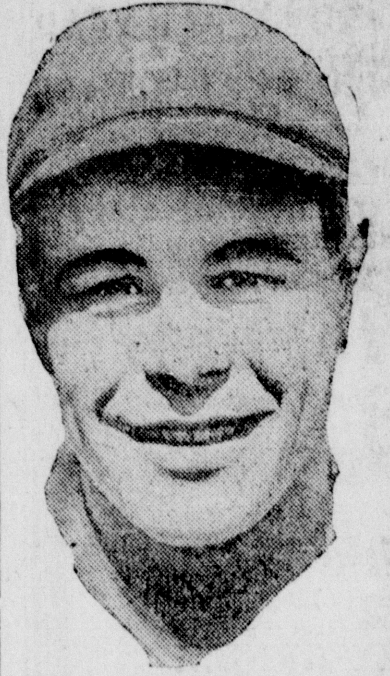

Mr. Scott is a son of Mrs. Betty J. Scott of Vernon and the family came to this county in 1885. He has been in business in Waco for several years until the past two years when he made his home here. Last spring he returned to Waco, where he has been engaged in the implement business.

He is survived by a son, Robert C. Scott, and a daughter, Mrs. Lindsey Murray of Dallas, his mother, Mrs. Betty J. Scott, and four sisters, Mrs. John Reese and Miss Susie Scott of Vernon, Mrs. J. Berry Robertson of Quanah and Mrs. Jordan Holt of Dallas, and a brother, John Scott of Vernon.

#### T. N. G. Officer Here.

Captain Floyd Moore of Amarillo arrived yesterday for a visit with the local National Guard company. The officer is on a tour of instruction to the various National Guard units in the western part of the state and met with Company L, here last night and will also be with them tonight for instruction.

### Landis Summons Yde In Ball Scandal

EMIL YDE

Emil Yde, star pitcher for the Pittsburgh Pirates, has been summoned to Chicago to appear before Baseball Commissioner Landis "with any information he may have" regarding the baseball scandal for which Jimmy O'Connell and Cozy Dolan, of the Giants, were banished from the game. Yde is said to have declared he did not believe they were the only players involved in the scandal.

### TO OPEN TOWNSITE NEAR OIL FIELDS

#### LEASE IS GRANTED F. L. MALLOCH BY WAGGONER ESTATE ON ACREAGE IN SECTION 39

F. L. Malloch has leased twenty acres in section 39, block 14, for a townsite adjacent to the South Vernon oil field to be known as South Vernon. The land was leased from the Waggoner estate and will be plotted into lots and laid off in streets and alleys.

The site of the enterprise is about half a mile north of the present oil production, on the west side of the road leading to Vernon. Mr. Malloch obtained a lease on some land in the Dill section, adjoining the active production area and sought to put on a townsite there but was restrained by court injunction obtained by Bridwell & Heydrick, joined by other operators. The objection to the first townsite was based on the danger of fire and on the ground that it interfered with operation of the leases.

The acquisition of the lease from the Waggoner estate removes these objections and places the townsite outside the present active area. The site selected is near the old Zacangusta well, which was abandoned as dry two years ago. Electric lights and water service for the townsite will be provided from the oil field, it is said.

#### LITTLE GIRL RECOVERING FROM GUNSHOT WOUNDS

Bonnie Maynard, 12, who lives between Rayland and Thalia on the Williams farm, is improving at a local hospital from a gunshot wound accidentally received. The little girl with her brother, was trying to kill an opossum when her small brother went to the house and returned with a 22-rifle and the gun was discharged, the bullet striking the girl in the hand, then passing through the body under the left arm. The bullet made four flesh wounds in the hand and two wounds in the body.

#### TEACHERAGE AT FARGO UNDER CONSTRUCTION

A modern four-room teacherage is under construction on the southwest corner of the school grounds at Fargo and will be completed in the near future. The building will be equipped with all modern fixtures and will have a kitchenette. The building will be occupied by the principal of the school.

#### Attends Funeral of Grandson.

J. H. Pendleton returned Wednesday from McLean, where he went to be at the bedside of a grandson, J. Ulric Pendleton, aged 14, who died there Sunday. The little boy had been ill for several months with diabetes and the end was not unexpected. On returning Mr. Pendleton visited his son, Dr. Winston Pendleton, at Kingfisher, Okla.

### METHODISTS CLOSE CONFERENCE YEAR HERE NEXT SUNDAY

New Pastor Will Be Assigned To Vernon Church and Rev. Marts Will Move—Presiding Elder Preaches at Crowell Sunday—Pastor Here

Sunday will mark the close of the present conference year of the First Methodist Church here, in common with all Southern Methodist churches in Northwest Texas. The Annual Conference opens in Abilene Wednesday morning, October 23.

Rev. Robert E. Dickinson, pastor of the local church for the past two years, who is now head of the Department of Religious Education at Southern Methodist University will arrive here tomorrow and will preach Sunday morning, winding up the year's work. The local congregation has met all financial obligations for the past year and recorded a substantial growth under the leadership of Rev. Dickinson.

Rev. O. P. Clark, presiding elder of the Vernon district, will preach in Crowell Sunday morning and will then go to Seymour, where he was pastor four years, to preach Sunday night. This is Rev. Clark's first year on the district, coming here from Plainview. The district has done well and will make one of the best reports in the history of the district. More than 1,000 additions to the church membership will be reported along with good financial reports for the various charges.

Rev. Charles J. Marts, assistant pastor of the local congregation, will not return next year. He will be assigned to other work by the presiding Bishop at Abilene.

The Vernon church will get a new pastor, because of the transfer of Rev. Dickinson of the University at Dallas. The appointments for the year will be announced at Abilene one week from Sunday and it will not be known until that time who will come to Vernon.

Other Methodist preachers who will go to Conference next week from Wilbarger County are Rev. F. T. Johnson, pastor for three years on the Vernon circuit, who will report 50 additions to the church membership with all finances in full. Rev. J. P. Magee of Tolbert circuit, serving Tolbert, Farmers Valley and Medicine Mound, will report 22 additions, with collections provided for. Rev. W. L. Jenkins of Odell, serving also part time at Pleasant Valley and Fargo, reports 29 additions and with financial obligations paid in full.

### Steinway Piano Is Gift of Mr. and Mrs. Murchison To City

A gift that highly pleased the citizenship of Vernon, who are interested in the new high school building, was bestowed yesterday when Mr. and Mrs. A. H. Murchison presented a piano, to be placed in the high school auditorium.

The instrument is a beautiful Steinway Grand and will be installed in its new home immediately.

The instrument was selected by a committee from the Musicians' club who has with the Parent-Teachers' Association been raising funds to purchase one for the auditorium, and their choice was a Steinway. Funds that was to have been used toward purchasing an instrument by the Parent-Teachers' and Musicians' will be used for improvement of the grounds and equipment for the building.

The worth of such public spirited citizens of Mr. and Mrs. Murchison to a city cannot be measured. Both love Vernon and make their home here. They are ever alert to the civic needs of the city and respond readily to all worthy calls. At this time no more fitting gift could have been bestowed than the gift of the wonderful instrument to be placed in the spacious auditorium of the new high school.

The city of Vernon needs more citizens like Mr. and Mrs. Murchison.

#### Primitive Baptists To Meet.

The members of the Primitive Baptist church will hold their regular monthly services Saturday and Sunday at their church in South-east Vernon. Visitors are welcome.

### Major Kirby Made Head of U. S. Money Plant

MAJOR WALLACE KIRBY

Major Wallace Kirby, O. S. A., has been named head of the Bureau of Engraving and Printing in Washington, which turns out all the paper money, stamps and bonds for the United States Government. The appointment follows a reorganization of the bureau after a bitter partisan fight of two years ago, when President Harding dismissed twenty-six officials without a hearing.

### THIS WEEK'S TOTAL FOR GINS IS 27,240

#### RECEIPTS OF PLANTS IN COUNTY ALREADY APPROXIMATE CROP OF LAST YEAR.

Although picking and ginning were held up by the rain of Tuesday, Wilbarger County gins turned out approximately 1,000 bales every working day in the past week. This week's total gin report is 27,240 bales, or a little more than 1,000 bales short of last year's total crop. Gin receipts to this date last year were only 7,442.

Estimates furnished The Record by ginner and others engaged in the cotton trade locally estimate the crop is only about half gathered at the present time. If these estimates prove correct the crop will exceed 50,000 bales. Following is this week's report:

Peral Gins.	
Odell (two gins)	2,740
Elliott	1,411
Tolbert	525

#### Miss Crazier Builds Bungalow.

Work was started Tuesday on a bungalow on Texas street near the Shive school for Miss Nina Crazier. The building will contain four rooms and will have all modern conveniences.

### DEEPENING OF B. & H. NO. 1 DILL FOR INCREASED FLOW AND PICKING UP SAND ON STEPHENS, FEATURES

Announcement of Two Additional Pipe Lines and Completion of Water Lines Are Other Important Developments of the Week in South Vernon Oil Field—Two New Locations Announced

Two of the most important developments in operations in the South Vernon field this week were the deepening of the Bridwell & Heydrick No. 1 Dill for a substantial increase in production and the drilling into the sand by their No. 1 Stephens. It has been impossible to obtain a gauge on the output of the Dill well, but the deepening will bring it up to equal the Wells-Guiberson No. 1 Waggoner, across the road in section 99, block 14. The well had been flowing by heads ever since it was brought in more than seven weeks ago with an average production of 350 barrels or more, since it was deepened into the sand Wednesday it has been making a steady flow through two-two-inch pipes.

The Bridwell & Heydrick No. 1 Stephens picked up the sand this morning, but it is not known how big a well it will be. Completion will be slow and the well will probably not be finished and connected up with tanks before Sunday unless it blows in for a big production, similar to the South Vernon No. 1 Stephens.

Operators are looking forward with much anticipation to the completion of the three pipe lines now building from Electra. The Texas Company's six-inch line, the Sinclair's four-inch carrier and the Waggoner Refining Company's four-inch line are expected to bring relief to the field, since storage in the past ten days has come to be the biggest single problem.

Crews have already started on the Texas Company line and the Sinclair announce the beginning of work before the close of the present week. Three crews are busy on the Waggoner line. One is working from Vernon, a second from Oklahoma and a third from Electra. All possible haste is being made by the pipe line companies to reach the field in order to relieve the congestion caused by the big rise in production in the past ten days.

Bridwell & Heydrick are erecting a 5,000-barrel tank on their Stephens lease to take care of their production, pending the completion of the pipe lines, and it is probable that other large reservoirs will be necessary before the lines are finished.

Representatives of both the Magallowa and Humble Companies are negotiating with operators trying to tie up production for lines which

### NEW AUDITORIUM THING OF BEAUTY

#### CHRISTENING TO TAKE PLACE NOVEMBER 11 WHEN "DON PASQUALE" COMES HERE

The spacious auditorium of the new high school will be formally opened to the public the evening of Armistice day, November 11, when "Don Pasquale," a celebrated opera is staged here under the auspices of the Musicians' club of the city. Tickets will go on sale immediately for the great event that is being looked forward to with great anticipation by the music lovers of Vernon. The initial number of the symphony course is of great merit and to know that Vernon has a place in which to stage affairs of this kind is a source of pride to the citizenship.

A committee of women went to the auditorium yesterday morning to see the place where the new piano is to be placed and returned declaring that the majority of Vernon people could not realize from hearing just what a wonderful place the auditorium is, to give lecture and symphony courses as well as local plays.

A plot will be made soon of the floor of the auditorium and the rush to select seats for the opera will begin.

The christening of the auditorium with the opera "Don Pasquale" is very fitting because of the fact that the proceeds derived from the sale of tickets for the course will go toward the school fund.

### PADUCAH TO PLAY THIS AFTERNOON

#### LIONS WILL MEET FAST CLASS B AGGREGATION IN PRACTICE GAME AT FAIR PARK

The Vernon high school Lions will play the Paducah team this afternoon at 3:30 at Fair Park to keep the locals in condition for their next conference game to be played here a week from tomorrow with the Electra Tigers. The Paducah team is in class B and the game today will not count on Vernon's standing in the class A conference.

Paducah is said to have a good team in class B and can be expected to give the Lions a good game, according to information received here.

A pep meeting was held last night under the direction of W. W. Cook, the high school pep leader. About 600 students were on hand and after staging a bon fire celebration on the school campus, the students marched through the streets of the city, practicing their yells and making a noise generally. Practice has been the order of the week for the Lions in preparation for their game with the Electra Tigers here Saturday of next week. The Tigers meet the Wichita Falls Coyotes in Electra tomorrow. Coaches Baggett and Wilmon and members of the Lions team will watch the game with a view of getting a line on the Tiger attack and defense. Electra has a strong team and local football men are expecting the Coyotes to lose again tomorrow as they did last Saturday when the Lions defeated them 20 to 0.

### New Rooming House To Be Erected at Peace and Bowie

M. M. Spruill has let the contract for the erection of a two-story rooming house at the corner of Peace and Texas streets, in East Vernon. G. C. Cooper is the contractor on the framed building, which is to be 30x72 feet and faces west on Bowie street. The house is to contain 32 rooms. Mr. Cooper intends to finish the house in 25 working days and men started making forms for the concrete foundation yesterday. An extra force of men will be employed to rush the work to completion.

#### Attend Home Coming S. M. U.

Mr. and Mrs. T. J. McGill returned from Dallas Monday morning where they visited the Fair and attended the Texas and S. M. U. football game. Mr. McGill was a graduate of class of 1920 and while in Dallas attended the home coming of the student body.

## LIONS TO SPONSOR CAMP FIRE GIRLS

MISS FISK TELLS OF WORK OF  
ORGANIZATION—LOCAL UNIT  
TO ATTEND GRAND COUNCIL

Miss Glenora Fisk, executive of the Camp Fire Girls from Wichita Falls, accompanied by Mrs. W. W. Barnes, guardian of the local order, were guests at the Lions luncheon today and told of the work the members of the order were doing at this time in this district. At the luncheon the Lions agreed to sponsor the Camp Fire Girls organization in order that they become affiliated with the Wichita Falls district, in order that they might participate in all the activities of the district. The Camp Fire Girls will have their encampment next year at Craterville Park, Okla., and the Lions will be this movement.

Miss Fisk spoke before the mothers and members of the Camp Fire Girls yesterday afternoon at the high school. She emphasized the fact that the organization brought the girls back to the home instead of drawing them away. Certain honors are awarded the girls for work at home which advances them in the race for high honors the council.

This afternoon at 4:30 o'clock the members of the Camp Fire Girls club will go to Allingham Park, where a picnic supper will be enjoyed. After the supper, a ceremonial will be held at the park.

Mrs. W. W. Barnes, guardian, is very anxious that more women and girls take an interest in the work of the organization. The group of 45 must be divided and more guardians and assistant guardians will be appointed in order that the groups may have representation at the Wichita Falls November 2 when the general council meets.

The age limit is from 11 to 18 years of age and the following subjects are studied: Home craft, needle craft, nature lore, citizenship, business craft and health craft.

## "Wanderer of the Waste Land" Here 2 Days Next Week

Zane Grey's "Wanderer of the Waste Land" comes to the Vernon theater next Monday and Tuesday. Jack Holt, Kathryn Williams, Noah Berry and Billie Dove are featured in the cast.

Colored motion picture are going to occupy the same place in the film world that colored printing is taking in the publishing field.

The time is rapidly coming, when there will be a public demand for colored films. They will be classified in the minds of picture patrons as the art product of the industry, and the resulting competition will bring about their widespread use. Predictions are based on recent experience in the filming of Zane Grey's story, "Wanderer of the Waste Land," entirely in color. This is the first time that Paramount has produced a picture in this way, though it has experimented with color in "The Ten Commandments," many of the Biblical episodes were done in full color by Cecil M. DeMille.

Many prejudices have retarded the development of colored pictures. There has been the impression that they were tiring on the eyes, that they detracted from the interest in a story, that the colors were not true to life, and that there were excessive technical difficulties in the handling of the film in exchanges and theaters. These are largely to the early troubles of finding the first experimental colored films. I am convinced that the process has now been developed to a point where it might be said that it is arrived.

The color film perfected at last, like color that brings absolute realism to the screen and glorifies the art of motion pictures. "Wanderer of the Waste Land," Vernon theater, Monday and Tuesday, 11c.

## MORGAN'S TENT SHOW HERE ALL NEXT WEEK

Miss Helen Oswald

What is said to be one of the oldest, largest and finest equipped tented dramatic shows is billed to open a week's engagement in Vernon, starting next Monday, October 27.

The J. Doug Morgan Shows are a two-car attraction, carrying some 25 people in conjunction with a band and orchestra. Monday night ladies will be admitted free on which occasion will be presented a four-act comedy, "When Dreams Come True." Special mention is made in advance notice of the Vaudeville offered between acts as well as the musical numbers by the six-piece jazz orchestra, doing away with any waits. An entire change of play and vaudeville will be offered nightly. The tent will be located east of the Postoffice.

George R. Willard, who is employed at the Woolworth store, was reported improving from an operation at one of the local hospitals Thursday afternoon.

In Zane Grey's "Wanderer of the Waste Land" they say you can even see the different shades of sunburn on the players' faces. Skeptical? Why not take it in. Vernon Theater, Monday and Tuesday. 11c.

## Blanche Sweet Here Monday in "Tess of The D'Urbervilles"

Blanche Sweet is coming to the Pictorium Monday and Tuesday in "Tess of the D'Urbervilles." This play is the vehicle by which Mrs. Fisk rode to stardom and Blanche Sweet reaches the same heights in her portrayal on the screen. The cast includes Conrad Nagel, George Fawcett, Stuart Holmes and Courtney Foote. The story—Aristocrats gone to seed through poverty, her parents sent Tess to D'Urberville Castle, where the vaillant knights, who were her ancestors, once held sway. There Tess met Alec D'Urberville. And there began the epic drama of love and fate. Tragic without being morbid, real without being sordid. It will make you live with a new and compelling intensity as the tale is unfolded on the screen.

Today a return engagement of "Three Weeks" is on at the same theater. The lady of the tiger skin, Elinor Glynn's famous love story, has been brought to the screen in a gripping gorgeous photo play that will never be forgotten.

Mrs. L. A. Anderson, who underwent an operation at a local hospital a few days ago, is reported improving Thursday afternoon.

See Zane Grey's "Wanderer of the Waste Land," life like in life's own color. Vernon Theater, Monday and Tuesday. 11c.

**"WATER BY RADIO" ATTRACTS WINDOW GAZERS HERE**

A show window at Terhune & Implement dealers, is attracting the curious this week. Radio appliances of every description are shown but the feature of the window is a faucet suspended from wire, through which water pours a continuous stream. A sign over the faucet reads "You can get most things by radio." The water is off into a miniature tank containing gold fish. It is impossible for the water to pass through the faucet that leads to the faucet. Many conjectures are being made as to where the water comes from as it goes through the faucet. Only very few have been able to solve the problem. Over 500 people visit the window yesterday.

**ST MATRONS MEET WITH MRS. ROSS WEDNESDAY**

Mrs. A. S. Ross, of West Yarmouth, was hostess to the Past Matrons Association Wednesday afternoon at a regular meeting. The afternoon was passed in taking up subjects of interest to Eastern Star chapters. The Advisory Board of Rain Bow Girls met at the same time and the work of that order was discussed. Guests present other than club members were Mrs. J. J. Scott and Mrs. Lucy Hamilton. Refreshments were served and the favors given were in the flower motif.

**MISS SUGGS AND BURKMAN ARE MARRIED HERE**

## CHIEF FIGURES IN NEWS OF THE DAY.

EX PRES. MENOCAL of CUBA & MRS. HUGH GIBSON  
 (Below) NEWCOMBE CARLTON & VALDEK ZBYSLKO.

Newcombe Carlton, president of the Western Union Telegraph Company, was knocked down by a taxicab in a New York street, suffering a broken rib. While riding near Bearns, Mrs. Hugh Gibson, wife of the American Minister to Switzerland, was struck across the face with a whip by a farmer who refused to permit her auto to pass. The man was sent to jail for two days. Waldek Zbyzsko, 243-pound wrestling champion, has won a divorce in Alfred, Me. from his 100-pound wife, whom he charged with cruelty. During election riots following a parade of ex-President Menocal's followers at Camaguey, Cuba, seven persons were killed and sixty wounded. Menocal's train later was fired on, but he was unharmed.

For Governor the vote for her will be the gauge by which the representation in the district and state conventions is measured, and those counties which give Mrs. Ferguson a big vote will likewise have a big voice in running the party machinery for the next two years. The opposite, of course, is true, and those counties which give Dr. Butte a big vote or merely scratch the name of Mrs. Ferguson will have correspondingly small representation in the management of party affairs.

By the simple process of failing to vote for the nominee for Governor, those who profess such unyielding opposition to what they choose to call Fergusonism will be strengthening the control of the

would have no effect on the control of party machinery in the two years following election. But the law selects the vote for Governor as the basis of ascertaining the party strength and party control. Thus, it would seem that one of the surest ways of insuring Ferguson control of the Democratic party machinery for the next two years is to follow the advice of Dr. Butte and others who declare party platforms and party pledges as bunk. It is also worth recalling that the very righteous Doctor is a member of the same party and supporting the same national ticket with Fall, Daugherty, Denby, Jess Smith, Bole Stinson, Burns and Mr. Forbes of Veterans Bureau fame. This fact makes us wonder whether the good doctor is as deeply concerned for clean government as he professes to be.

# Two Cars in One—

An open and closed car combined

STUDEBAKER Duplex—a closed and open car combined. An entirely new type car—developed by Studebaker and available from no other maker.

It is the most sensational—most talked-of car in America.

One minute you are enjoying the comfort and protection of a closed car—next the unhindered freedom that made the open car so popular. And the change can be made in 30 seconds by simply lowering the roller side enclosures.

Yet with all this two-fold convenience, the Duplex-Phaeton sells for no more than an open car.

The new Studebaker Big Six is strikingly beautiful—with long, low sweeping lines. It is especially designed and powered for seven-passenger service.

The Big Six Duplex-Phaeton is delivered to you with complete equipment. This even includes two highest grade bumpers, extra balloon tire, tube and tire cover—there is nothing else to buy.

But to appreciate this car you must inspect it—drive it. Test its delightful ease of operation—steering mechanism especially designed for its full-sized balloon tires.

Notice the new location of the lighting switch on the steering wheel—and many other new and unusual features.

See this car that has definitely solved the open-closed car problem.

## ELECTRA HOPEFUL ON EVE OF GAME

### OIL TOWN TIGERS EXPECT TO DEFEAT COYOTES SATURDAY MEET LIONS WEEK LATER

Electra, October 23.—Electra football players and fans alike believe that the Tigers will have an even chance for victory with the Coyotes from Wichita Falls who play on the local athletic field here next Saturday afternoon, the first game for Coach Gilstrap's proteges. The entire team, along with a couple hundred fans, attended the game in Wichita Falls last Saturday in which the Vernon Lions decisively defeated the Wichita team 20-0. All were much impressed by the power and strength of the winners, but many returned from the game believing that the local football squad has an excellent chance to remove the stain of defeat which has been administered by Wichita Falls for the last two years.

Little chance is given by the majority of the local fans, for a victory against Vernon a week from next Saturday. The terrific plunging backfield attack shown by the winners should carry them to further victories, is the belief of most of those who saw the game last Saturday.

Couch Gilstrap has had little to say following the game which he witnessed last Saturday other than to intimate that there would be plenty of work for the Tiger squad this week. Secret practice has been instituted with no one permitted inside the playing field but the players.

Realizing the necessity of better picking in the two big games to come, the coach has been instructing three punters in the art of kicking. Hammond, Trammell and Thomas have all been used in this work, but none of them have been consistent kickers for any good distance. This need along with the necessity of developing some reliable second string backfield men, has been the chief worry of Gilstrap. Repeated injuries with a lack of good, fast backs, has hampered the offensive work of the Tigers from the beginning of the season. A broken shoulder for Bob Scott received early in the Quanah game, put out of play for the remainder of the season one of Electra's best backs.

In Saturday's game, Gilstrap will probably start Hammond at quarter, although it is more than doubtful if Hammond can finish the game as he was badly hurt in the Seymour game, a week ago Saturday. Guy Thomas has been performing consistently at half back with Moore. For the other position, either Trammell or Sargent will be used.

In the line, the Tigers show to better advantage. Especially is this so from tackle to tackle. All of the boys are big and strong and have been good both on offensive and defensive work. The ends, Aven and Sanderling, along with Ballard, have not played throughout as well as might be hoped, although all have played exceptionally good games.

### RS. FOSTER ENTERTAINS BAPTIST WOMEN MONDAY

Mrs. L. A. Foster of West Parson street was hostess to Circle 4 of the women of the First Baptist church, Thursday afternoon from 3 to 4 o'clock.

Each one brought an article to work on for the bazaar which is to be in December, and many suggestions were exchanged as to practical things to be made. A rather informal business meeting was conducted as the women worked and a very pleasant time was enjoyed. Delicious plate lunch was served by Mrs. Foster to the following: Mesdames J. M. Basham, Moss Lovelace, T. A. Key, W. B. Howell, R. Lane, Maddox, R. G. Hughes, Allison, W. W. Jones, E. A. Vernon, H. D. Hockersmith, W. A. Lane, president of R. W. A. and J. Randall of Circle No. 3. Circle No. 4 will meet with Mrs. R. Lane on Houston street next Thursday.

### MISS MALLOW ENTERTAINS BON HEUR CLUB FRIDAY

Miss Johnnie Mallow was hostess to the Bon Heur Bridge club and her guests Friday afternoon at her home on South Main street. Three tables of guests played. The prize of high score, a hand-painted door stop, was given Mrs. R. B. Gibson. Miss Harriett Thomas won the best prize, a hand-painted bread board. Mrs. R. T. Alexander, of Canadian house guest of Mrs. Y. L. Abasin was consulted with table numbers. A salad course was served.

### RS. McDONALD ENTERTAINS SWASTIKA CLUB TUESDAY

The Swastika club met with Mrs. G. McDonald on Wheeler street, Tuesday afternoon. The house was decorated in Halloween motif. A delicious plate lunch was served after several games of 42 were played. Guests present other than club members were: Mesdames E. P. Hicks, A. C. Boger, T. P. Lisman, J. K. Byrd, R. E. Townsend, E. L. Moore, O. O. McCurdy, T. J. Youngblood, L. E. McCurdy, J. A. Dixon, J. G. Sherman.

### LITTLE GIRL IS HONOREE AT BIRTHDAY PARTY

Alma Killian was honoree at a birthday party given by her aunt, Mrs. J. H. E. Young with whom she was making her home, Wednesday afternoon. Twenty little friends came bringing pretty gifts to the little girl and a beautiful cake with six burning candles told how old she was. Games were enjoyed on the lawn and ice cream and cake were served to the little guests and the honoree.

### RS. SUMNER IS HONOREE AT BRIDGE PARTY

Mrs. S. C. Rodgers of Wilbargeer street entertained with two tables of bridge yesterday honoring Mrs. S. Sumner, recent bride. The place cards were miniature bridesmaids and the motif were

carried out in the nut cups. Roses were used for decorations.

The honoree was given a Venetian vanity set. Mrs. E. O. Youngblood, as winner of high score, was presented with a framed picture. Consolation prize, a hand-embroidered guest towel, went to Mrs. W. B. McCaleb.

A two course luncheon was served to Mrs. Dan Sumner, Mrs. Joe Sumner, Mrs. E. L. McCarter, Mrs. George Hardin, Mrs. S. S. Munger, Mrs. W. B. McCaleb, Mrs. E. O. Youngblood and Miss Adele Sumner.

#### Radio in the Farm Home.

The number of radio receiving outfits now in use in farm homes amounts to hundreds of thousands. Market reports and weather reports are received daily over the radio at stated hours. In the evenings the same little instrument brings to the farmer and his family political discussions, concerts and lectures and on Sundays sermons and good church music.

Most of the luxuries purchased by the farmer are paid for dearly but this need not be the case with the radio. More than half, perhaps two-thirds of the receiving outfits now in use in the cities and in the country have been constructed by school boys. We have heard of one teacher in a rural high school who organized a class in radio at the beginning of the last school year with the result that there are now 33 radio receiving sets in successful operation in that community, all having been built by the students. Not one of the outfits costing over \$10 for material.

Any boy on the farm who desires to build a receiving set may get full instructions from two or three Bureau of Standards Circulars on Radiotelegraphy. Write to Superintendent of Documents, Government Printing Office, Washington, D. C., and ask for Bureau of Standards Circular No. 120, Construction and Operation of a Simple Home

Made Radio Receiving Outfit, (5 cents); No. 121, Construction and Operation of a Two-circuit Radio Receiving Equipment with Crystal Detector, (5 cents); No. 133, Description and Operation of an Electron Tube Detector for Simple Radio Receiving Outfits, (10 cents.) You will need at first only Circuits 120 and 121 if you are within 50 miles of a broadcasting station. When you send this order, enclosing 20 cents in coin, request at the same time a copy of Price List G4 in which you will find the titles of other publications on Radiotelegraphy.

## How Doctors Treat Colds and the Flu

To break up a cold or night or to cut short an attack of grippe, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nausealess Calomel tablet, that is purified from dangerous and sickening effects. Those who have tried say that it acts like magic, by far more effective and certain than the old style calomel, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasure. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, price ten cents for the vest-pocket size; thirty-five cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are not delighted. —Adv.

Whereas, by virtue of authority vested in me as substitute trustee under a certain deed of trust recorded in volume 19, page 398 of the deed of trust records of Wilbarger County, Texas, executed and delivered on the 17th day of April, 1920, by Benjamin C. Koch to Harry A. Frankel, trustee, for better securing the payment of one note for \$7,350.00, dated April 17, 1920, due one year after date, payable to J. J. Rubenstein at Vernon, Texas, bearing ten per cent interest from date until paid and providing for ten per cent attorney's fees if sued on or placed in the hands of an attorney for collection, said property being all of lots one and two in block thirty-five (35) of the Original town of Vernon, Wilbarger County, Texas;

And whereas said note has been duly transferred by J. J. Rubenstein to Frank T. Miller of Peoria, Illinois, who is the owner and holder of said note at this time, and that there is due at this time on said note an unpaid balance of \$4,000.00 and that Benjamin C. Koch has made default in the payment of said above described note which was due one year after April 17, 1920, and the same is now past due and unpaid principal, interest and attorney's fees by reason thereof, as provided for in said deed of trust the said Frank T.

Miller, the owner and holder of said note and indebtedness has declared the same due and has so notified the said Benjamin C. Koch in writing:

And whereas the said Harry A. Frankel who was appointed trustee in said deed of trust, has removed from Wilbarger County, Texas, and because of his failure and inability to act as trustee in this matter, the holder of said indebtedness, Frank T. Miller, of Peoria, Illinois, has, by an instrument dated the 14th of August, 1924, duly acknowledged, assigned to me, the said G. C. Morris of Wilbarger County, Texas, as substitute trustee for the said Harry A. Frankel with all powers conferred upon said trustee;

And whereas I have been requested by the said Frank T. Miller to enforce said trust, I will offer for sale between the legal hours thereof, to-wit: between the hours of eight o'clock a. m. and four o'clock p. m. at public auction to the highest bidder on the first Tuesday in November, A. D. 1924, same being the 4th day of said month at the court house door in the town of Vernon, in Wilbarger County, Texas, the following described property, to-wit:

All of lots one and two in block number thirty-five of the Original Town of Vernon, Wilbarger County, Texas. Witness my hand this 1st day of October, A. D. 1924.

G. C. MORRIS, Trustee. 78-4tc Fri.

## DELEGATES RETURN FROM CONVENTION

LOCAL W. C. T. U. WOMEN TELL OF BOLT IN W. C. T. U. MEETING AT HOUSTON

Citizens of Texas paid tribute to the half century of achievement of the Woman's Christian Temperance Union at the golden jubilee banquet held by the Texas organization in its forty-third convention, Tuesday evening at the Rice hotel at Houston.

Prohibition was our greatest triumph in domestic government," declared Colonel Thomas H. Ball, speaking for "Our Nation."

"The battle has just begun, but we of the next generation will win it," declared Clarence Wharton, speaking for "The State." "Victory will come by the same consecration which has characterized the devoted women of this organization in the past."

"I have to look no further than the jail records of our own city to know that we are in much better condition than before prohibition," Mayor Holcombe said, speaking for the city.

"While the churches may disagree as they always have, on points of doctrine, they all agree that prohibition was the most forward looking step in our national history," Rev. W. D. Ryan, the representative of the churches stated. "For that step the W. C. T. U. is largely responsible."

Miss Florence Sterling, speaking for the womanhood of Houston, stressed the individual responsibility of the citizen in law enforcement, is the report of Mrs. Rena Watts, local and district president, and Mrs. E. L. McHugh, delegates to the W. C. T. U. convention at Houston last week, given yesterday afternoon at a meeting of the local union at the library.

The Vernon delegates joined in the bolt from the regular convention when Mrs. Claudia Van DeWatts was re-elected state president. Other unions withdrawing were Greenville, Bay City, Robstown, San Antonio, Wichita Falls, Garwood and other towns.

The returning delegates say that the reason advanced by the state president, that the bolt was caused because she did not endorse Felix Robertson for governor is untrue.

The W. C. T. U. organization, according to the constitution does not enter into politics and endorse any candidate. It is true that they vote only for prohibitionists, if possible, but endorse no particular man or woman for the public offices. Disapproving of Mrs. Watts' administration and methods they showed their disapproval by withdrawing from the convention and adjourning to the Rice hotel. The bolters will work directly with the National body at least until next election, the leaders assert, and the funds will not be sent to the state treasury as heretofore. The cause will be greatly hindered by the withdrawal of the unions, it is claimed.

The delegates were instructed from the local union not to vote for Mrs. Watts for president.

### PARENT-TEACHERS GIVE STYLE SHOW AND CARNIVAL

The trade carnival and style show given under the auspices of the Parent-Teachers Association, Monday and Tuesday night was a pronounced success. The leading merchants of the town were represented by young girls dressed in appropriate costumes. Clever sells were perpetrated on local citizens and good music and pretty drills were features of the shows. The young people worked hard for the success of the affair and a very substantial amount was realized. The funds will be used by the associations for improvement of the ward and high schools.

J. T. Cameron, former resident of Vernon and Harrold, now living at Cleburne, is here on business this week.

### DEEPENING OF B. & H. NO. 1 DILL FOR INCREASED FLOW AND GETTING SAND FEATURE

(Continued from page 1)

They propose to build, but no deals have been closed.

Two water lines were completed this week, one by A. P. Peck and associates from wells on Paradise creek, about two miles west, and the other from the Gray Back crossing reservoir of the Waggoner ranch on Beaver creek.

With assurance of ample water supply and facilities for taking care of the production, activity in the field will take on renewed life. Scarcity of water and the lack of pipe lines have seriously interfered with operations. Several rigs have been compelled to delay drilling on account of the water shortage and inability to get the oil to market has presented one of the most serious problems operators have been confronted with.

South Vernon No. 1 Stephens continues to flow at better than 3,000 barrels daily, while the Bridwell & Heydrick No. 1 Dill, Winnipeg No. 1 Bond et al and the Wells-Guiberson No. 1 Waggoner continue to hold steadily to their initial production records, bringing the output of the field up to more than 5,000 barrels daily. The South Vernon Company now have 20,000 barrel storage in steel and wooden tanks with two large earthen tanks full of oil on their Stephens lease.

The Winnipeg people were compelled to erect a new 5,000 barrel tank on their lease this week to take care of production. There is already plenty of production in the field to give the three pipe lines now building plenty of oil, and with the completion of new wells which are nearing the sand it is probable that the completion of the lines will not permanently solve the storage problem.

The new locations are announced for the week. Bridwell & Heydrick have made a location for their No. 3 Stephens on their 15-acre strip in the northwest corner of section 83, block 14. The same people have made a location for their No. 1 Waggoner in the southwest quarter of section 104. This location is two miles west and slightly north of the present center of activities.

McCamery-Sheerin announced that they would standardize and deepen from the 1300-foot level their No. 1 Stephens and would make three other locations on their 180-acre lease, east and south of the South Vernon's 145 acres, all in sections 83, block 14. Four sets of standard tools are now being moved from Cisco for this purpose.

**Drilling Report.**  
Bridwell & Heydrick No. 2 Stephens, 800 feet, drilling.  
Winnipeg No. 2, Bond, et al, section 100, block 14, is drilling at 900 feet, and Winnipeg No. 3, an offset in the same section, is drilling at 200 feet.

### STUDEBAKER SLATED TO WIN A. A. A. HONOR

Earl Cooper has a chance Saturday to win, at one bold stroke, the National A. A. A. Championship of America for 1924. He will draw up, on that date, beside twenty-two other master drivers on the new Speedway course here for a 300-mile race, the hardest he has driven this year.

If he can keep his swift Studebaker Special ahead of this field as persistently as he did at Fresno, Cal., Oct. 2, the score thus won will set him ahead of the existing high mark of 1,565, which was Jimmy Murphy's total at time of his death at Syracuse, N. Y.

How far below a perfect score he can go and still clinch the national honor cannot be determined until the national contest board, of which Richard Kennerdell of Franklin, Pa., is chairman, announces the points to be awarded which will not be until just before the drivers take their mounts out of the pits and onto the track.

With the customary point per mile award for winning, a victory would bring his score to 1,280, or

only 285 behind Murphy's record. Unless his winning were through the fluke of other drivers, this 285 points is well within his reach on lap and speed scores. At Fresno, Cooper won an extra 150 points. Similar performance at Charlotte on Saturday will give him the national championship and will make unnecessary holding the fast Studebaker Special to a "ninth inning finish" at Los Angeles on Nov. 27.

Mrs. Cooper, bride of two weeks when he won the Fresno rain day race, is at Charlotte as his good luck mascot.

Miss Edna Keltz, of White Flat, who has been visiting her uncle, E. L. Keltz and family and her grand parents, Mr. and Mrs. J. P. Puckett, has returned to her home. Miss Keltz submitted to an operation for removal of tonsils while here. She was accompanied home by her uncle, E. L. Keltz.

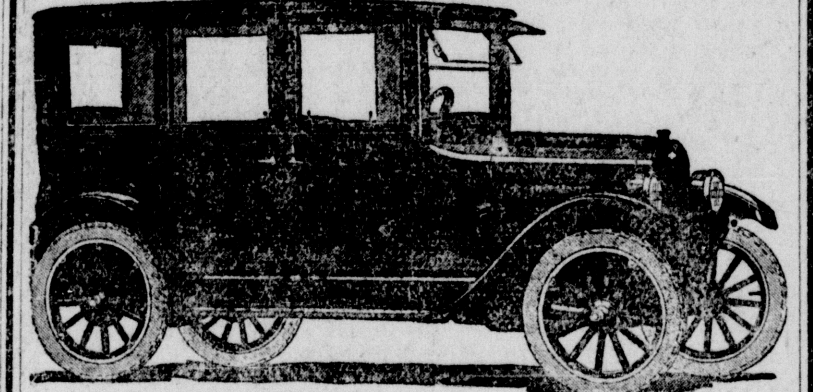

Mrs. E. L. McHugh returned Wednesday from Houston where she went as a delegate to the state convention of the W. C. T. U. She also visited relatives in Dallas on her return.

Mrs. W. F. Bildstein will leave next week for an extended visit with relatives in Union City, Tenn.
